

INTRODUCING... New and Improved Laser Checks

Now laser checks have a new look!

- Same great quality, security features, and guaranteed compatibility with your software.
- Improved formats for easier bank processing and fewer bank errors.
- Updated background designs for a sophisticated look that reflects well on businesses.
 - Most laser checks are available in *HERRINGBONE* or *PARCHMENT* designs, in your choice of 7 great colors: *Blue, Purple, Maroon, Green, Yellow, Tan, or Grey.*
 - Options available for vouchers: *White (Herringbone Designs) or Colors (Parchment Designs).*
 - Two additional Premier designs are also available for most laser checks at an additional cost: *American Spirit or TamperGuard Plus™ (with enhanced security features).*
- Laser check product numbers have changed. The base product number is the same, and an "8" has been added as the first digit (for example 81064 is now 881064). For kit products, a "7" is added as the first digit (for example 88008 is now 788008).
- Continuous & Blank Laser Checks have not changed.

TamperGuard Plus™

The **ULTIMATE** protection for your laser checks!

TamperGuard Plus™ is an enhanced paper that has additional fraud-detering features to help keep your business safe.

TamperGuard Plus™ offers:

True Watermark – A pattern in the paper becomes visible when held to light and disappears if scanned or photocopied.

Toner Adhesion Chemistry – Toner adheres better to the paper to protect against alterations.

Enhanced Chemical Sensitivity – Stains appear if alterations are attempted with certain types of chemicals.

Choose the look you want with **NEW** CHECK DESIGNS & COLORS!
